The campaign in 60 seconds

NY 911 Retirement is independent and dispatcher-led. As of August 24, 2026, Casey reports paying approximately \$70 directly: \$52 for the campaign inbox and approximately \$18 for domain registration. He also reports approximately \$200 in mixed-use ChatGPT spending that is not wholly campaign-related; untracked volunteer time overlaps other work. Limited early workplace activity and resource use are separately disclosed and do not establish formal agency ownership, operation, monetary funding or sponsorship. Campaign work is now separated from government resources. [Read the full disclosure.](#)

The campaign supports a fair, employer-elected 25-year retirement path under A.9162A/S.7635B and asks Governor Kathy Hochul to support the measure now and sign it when it reaches her desk.

What the measure would do

- Create a 25-year retirement path for members who meet the bill's title, duty, service, retirement-system and member-election rules.
- Require a qualifying employer to receive a NYSLRS estimate, adopt and file a resolution, and accept the attributable cost.
- Provide 50% of final average salary after 25 years of creditable service, plus 1/60 for each additional year, capped at 75%.
- Give Article 14 members a one-year written, irrevocable election under the bill's timing rules.

Current status

PASSED BOTH HOUSES

The official records show the measure passed the Assembly and Senate. The Senate page currently reads "Passed Senate via A9162." The campaign does not yet claim that it has been delivered to or signed by the Governor.

The three-step ask

1

Write

Use the free letter generator at ny911retirement.org.

2

Call

Ask Governor Hochul to support it now and sign it when it reaches her desk.

3

Share

Use "Take 5 for 25" and send the campaign to five people.

Accuracy guardrails

- Say “passed the Senate and Assembly,” not “signed into law.”
- Say “employer-elected 25-year plan” and explain that a qualifying public employer must obtain a NYSLRS estimate, adopt and file a resolution, and accept the attributable cost.
- Do not claim an endorsement without verified support evidence and documented public-use permission.
- Direct legislative-status questions to the official Senate and Assembly records listed in this kit.
