We write in strong support of passage of this proposed legislation, which would take effect on the first of January next succeeding the date on which it shall have become a law; provided that the amendments to sections 603 and 604 of the retirement and social security law made by sections three and four of this act shall expire on the same date as such sections expire pursuant to section 615 of such law.

The Police Conference of New York (PCNY), the largest police organization in the state, is an umbrella organization of police labor unions formed more than 100 years ago in 1925, today consisting of hundreds of police unions and groups representing more than 50,000 professional police officers throughout the State of New York. Our representation stretches across the entire state, from the tip of Montauk Point to the Canadian border. PCNY membership is comprised of local, county, city and state police, along with groups as diverse as the MTA Police and the Port Authority Police. PCNY leadership is active, engaged, and experienced in the representation of law enforcement officers, aided by counsel and professional support personnel.
